I. GENERAL:

2. The NCYE Executive Committee must approve any deviation from the General Rules and Regulations.
3. Any question(s) regarding rules and regulations interpretation will be resolved and a solution determined by the NCYE Executive Committee. **The Official Navarro County Youth Exposition Rules and Regulations are posted on the NCYE Website: www.navarrocountyexpo.com**
4. Any rules protest must be developed in English, stating plainly the cause of the protest, and submitted to the NCYE Office. Any protest must be signed by the protester and accompanied by a \$100.00 fee for each person lodging a protest. The protest will be examined by the NCYE Executive Committee. If the protest is valid, the \$100.00 fee will be refunded. No protest may be lodged on any judge's decision.
5. **Dogs or household pets are not allowed in the NCYE show areas.**
6. No exhibitor may utilize electronic communication or storage devices at any time during official judging.
7. The NCYE is an alcohol and drug-free event and the consumption of alcohol is prohibited on the premises during the show dates.
8. Each exhibitor must be in appropriate school attire, excluding uniforms, (example: jeans and collared shirt) during the NCYE, including but not limited to, all Division shows, Stars of Expo Auction, and Premium Sale.
9. NCYE participant(s) will be responsible and pay for any damages to NCYE show ground premises, facilities, or equipment caused by the participant and/or their animal entries.
10. All Federal and State guidelines must be adhered to regarding animal health. Abuse of animals in any form will not be allowed or tolerated.

II. ELIGIBILITY:

11. Participation in the NCYE is limited to Navarro County members of 4-H Clubs, FFA Chapters, or FCCLA.
12. Exhibitors must have continuously, personally fed, and cared for their animals under the full supervision and oversight of a County Extension Agent or Ag Science Teacher. Exhibitors must personally build, make, bake, cook, and/or can their project in the Food, Creative Art Divisions, Wood Working and/or Agriculture Mechanics Division.
13. At the time of submitting an entry form, NCYE exhibitors must reside or be educated in Navarro County. Exhibitors must be between the ages of 9 and 18 years old on or before **September 1, 2022**, or be enrolled between the 3rd and the 12th grade (not to exceed 19 years of age). Exception: Exhibitor(s) in the 3rd grade become eligible on their 8th birthday. Each FFA, 4-H, and FCCLA Chapter/Club must be a member in good standing with its State and National affiliates.
14. Exhibitors must meet the following UIL eligibility rules:
“Eligibility For All Extracurricular Participants After The First Six Weeks of The School Year”
A student who receives, at the end of any grading period (after the first six weeks of the school year), a grade below 70 in any academic class (other than an identified advanced class) or a student with disabilities who fails to meet the standards in the Individual Education Plan (IEP) may not participate in extracurricular activities for at least three school weeks. An ineligible student may practice or rehearse, however. The student regains eligibility when the principal and teachers determine that he or she has: (1) earned a passing grade (70 or above) in all academic classes, other than those that are advanced; and (2) completed the three school weeks of ineligibility. All schools must review grades for all participants at the end of the first six weeks of the school year. From that point, grades are examined at the end of the grading period whether it is six, nine, or twelve weeks in length. Students who pass remain eligible until the end of the next grading period. All activity coaches and directors are responsible for obtaining official grade reports from the individual whom the principal designates as the keeper of official grades before a student represents the school. This provision applies to all grading periods. It also applies to all three school week evaluation periods for ineligible students.
15. Exhibitors who are not eligible under UIL rules on the day of the show will not be allowed to participate nor will the animal(s) or project(s) entered by them be allowed to be shown.

III. VALIDATION

16. Each exhibitor must own their livestock entry on the date of validation. The livestock entry must be cared for by the exhibitor during the entire feeding period and be under the full supervision and oversight of a County Extension Agent or Ag Science Teacher in Navarro County. Exception: (1) breeding rabbits and registered heifers must be owned by the date listed in their division rules.
17. An animal may be validated in the name of two or more exhibitors **only if all** the following criteria are met:

31. All animals must be penned in their pre-assigned designated area.
32. Any unruly/unmanageable animal not controlled by the exhibitor, or handler, will be asked to leave the show ring. This decision is at the Division Chairperson's discretion.
33. Drug testing will be conducted on two randomly selected Market Steers, Market Lambs, Market Goats and Market Hogs. **The NCYE Executive Committee may require additional drug testing on selected market animals.** The showing of "unethically" fitted livestock in the class entered is prohibited. Unethical fitting is deemed to mean any physical or physiological attempt to alter the natural conformation, musculature or weight of an animal by use of injections, or ingested material not conducive to the continued health of the animal or marketability of its carcass. In addition, the substitute exhibitor must: 1) be a member of the same club or chapter as the original exhibitor, if available; and 2) must be a member of the same youth organization. 37. Only show judges, exhibitors, ring stewards, and NCYE officials will be allowed in the show ring. The NCYE Executive Committee will select an Official Photographer for the purpose of providing photos for purchase of all scheduled events. No other photographer will be allowed in the show ring or judging area without the prior approval of the NCYE Chairperson(s).
38. Awards will be given after each class is judged.

The Participant further agrees, on behalf of himself/herself, and on behalf of any and all of his/her parents, legal guardians, representatives, heirs, agents, legal representatives, successors, and assigns, to **DEFEND, INDEMNIFY, and HOLD HARMLESS** the Parties from and against all claims, demands, and causes of action for personal injury, death or property damage, including, without limitation, all costs, expenses and legal fees incurred in defending the same, made by or through the Participant, or on his/her behalf, relating to or arising out of any negligent, grossly negligent or intentional acts on the part of the Parties in connection with the Participant's entry and participation in the Activities.
68. The NCYE shall not be liable for any delay or failure to perform its operations, activities, programs, and events to the extent such delay or failure results from a *force majeure* occurrence. A force majeure occurrence is defined as any occurrence arising from causes beyond the reasonable control of the NCYE and which delays or prevents performance by the NCYE. In addition, the NCYE shall not be liable for any delay or failure to perform its operations, activities, programs, and events to the extent such delay or failure results from the NCYE's good faith compliance with applicable governmental statutes, ordinances, regulations, orders, rules or other directives, including but not limited to compliance with governmental directives concerning public health and safety, animal disease prevention, detection and response, including animal quarantine and/or destruction, and protection of the environment.
69. The NCYE Executive Committee reserves to itself the final and absolute right to interpret these rules and regulations and to fairly and impartially settle and determine all matters, questions and differences in regard thereto, or otherwise arising out of or connected with, or incident to the NCYE, and the right to amend or add to these rules and regulations as its judgment may determine.

X: Rule Violations:

70. In case of an investigation of an incident or possible NCYE Rule violation, all prize money, sale money and/or floor money will be withheld from the exhibitor until the investigation is completed. The Executive Committee may determine to withhold all prize money, sale money and/or floor money from an exhibitor if the Executive Committee determines there was a violation of the NCYE Rules.

ANIMAL DRUG USE AND FITTING POLICY

1. **Drug testing will be conducted on two randomly selected Market Steers, Market Lambs, Market Goats and Market Hogs.** The NCYE Executive Committee may require additional drug testing on selected market animals.
2. **Certificate Forms:** Exhibitors are required to have a **Drug Certification Form** signed by the following (a) Exhibitor; and (b) Parent or Legal Guardian. The Drug Certification Form shall be signed at time of entry. **The Drug Certification statement also appears on the NCYE entry form.**
3. **Drug Certification Agreement:** Exhibitor and parent (or legal guardian) certify that none of the exhibitor's entries have been administered or that the exhibitor and parent (or legal guardian) does not have any knowledge that any of exhibitor's entries have received any substance not approved by the Food and Drug Administration (FDA) and/or the United States Department of Agriculture (USDA) for food animals. Furthermore, the exhibitor and parent (or legal guardian) certifies that all of exhibitor's entries are free and clear of ALL drug and chemical residue(s) at the time of **official weigh-in**. The use by non-veterinarians of animal drugs or other substances in any manner, other than in accordance with the labeling approved by the FDA, is a violation of Federal law.
4. **Animal/Exhibitor Disqualification:** To foster fair competition, to provide a level playing field, and to protect the safety of food, the showing of unethically fitted livestock, or animals being administered unapproved drugs, is strictly prohibited. Animals that have been administered an approved drug or chemical must allow sufficient time so that the drug or chemical is completely eliminated from the animal's system at the time of **official weigh-in and through the duration of the NCYE**.
 - a. **Unethical Fitting:** Unethical fitting means any attempt to alter the natural appearance, conformation, musculature, or weight of an animal by any unnatural means. Unethical fitting includes the use of injections or feeding of material(s) not conducive to the health of the animal, safety of food, or marketability of its carcass. Unethical fitting also includes, but is not limited to, artificially filling animals by stomach pumping, airing, injections, and bruising. Animals showing signs of having been unethically fitted will be disqualified.
 - b. **Unapproved Drug Use:** The showing of any animal that has been administered, during its life, any quantity of any unapproved drug, chemical or medication is strictly prohibited. Such drugs include, but are not limited to, any diuretic, unapproved growth stimulant or other unapproved medication. Unapproved means not approved by the FDA and/or the USDA for slaughter animals, including animals that may be destined for human consumption. The use of an FDA approved drug in an unapproved species will constitute unapproved drug use.
 - c. **Approved Drug Use:** If an animal has been administered a drug that is FDA approved for their particular specie, sufficient time must have elapsed so that the animal does not test positive for that drug during **official weigh-in and through the duration of the NCYE**. All animals **must** be free and clear of all drug and chemical residues at the time of **official weigh-in**. Please note: The elimination time (the time required for no drug residue to be found in an animal's system) is generally longer than the labeled FDA withdrawal time for most approved drugs.
 - d. **Animal Inspection:** As a condition for participation in the NCYE, an exhibitor must agree to submit any animal entered by the exhibitor for inspection. Any animal found showing evidence of infections, contagious or communicable diseases may be immediately withdrawn from the NCYE and held in quarantine at exhibitor's expense. An exhibitor also agrees to have their animal(s) submitted to any test(s) requested by the NCYE. Each exhibitor also agrees that the opinion reached by the NCYE Executive Committee, and its official representatives, as to whether such animal is unethically fitted shall be final and binding without recourse against the NCYE or any of its officers. Further, the NCYE specifically reserves the right to have tissue, blood and/or urine laboratory analysis conducted on any animal entered for competition. The conclusion(s) reached by the laboratory as to whether such animal has been administered a diuretic, unapproved growth stimulant or other unapproved medication, or an approved drug has not been completely eliminated from the animal's system, shall be final and binding without recourse against the NCYE or any of its officers. An exhibitor of an animal testing positive for any drug or medication, or unapproved chemical, may forfeit all rights and privileges to exhibit livestock in the future during the NCYE.
 - e. **Unmanageable Animals:** The NCYE may disqualify any animal deemed unmanageable. Tranquilizers and sedatives for food animals are not approved by the FDA.
 - f. **Emergency Treatment:** If an animal requires emergency treatment while on the NCYE show grounds, only the Official Show Veterinarian (or an official designee) will be allowed to administer treatment. Furthermore, the Official Show Veterinarian, in agreement with the NCYE Executive Committee, reserves the right to treat any animal if, in the opinion of the Official Show Veterinarian; it is in the best interest of the animal's health and well-being to be treated. If the Official Show Veterinarian administers treatment to an animal, this treatment will be noted (date, time, amount, and reason) and this documentation will be given to the NCYE General Chairperson. **The NCYE Executive Committee will determine whether that animal will be disqualified from showing or selling and subsequently removed from the NCYE show grounds.**
 - g. **Treatment Cost:** All treatment costs are the responsibility of the exhibitor.
5. **Wholesome Meat Act:** The USDA Wholesome Meat Act applies to all market animals. All exhibitors of market animals entered in the NCYE will adhere to the following:
 - a. Animals must be in good health and carcasses free of drug and/or chemical residues.
 - b. Drug label directions for use and withdrawal periods must be strictly followed.
 - c. If drug or chemical residues are found in tissue of carcasses, the entire carcass may be condemned.The NCYE will in no way be liable or responsible for the condition of carcasses or the sale price of the animal. In such cases, the exhibitor forfeits all rights to all proceeds including: Premium Sale proceeds, scholarships, exhibitor awards, market (floor) price, and any other NCYE special awards.
6. **Disclaimer of Warranties:** The NCYE expressly disclaims any expressed or implied warranties (including merchantability), whether the goods or services are provided by the NCYE or by others (such as drug testing). The NCYE does NOT provide security or guard services and is not responsible for the acts of third parties. Exhibitor and exhibitor's parents and/or legal guardian(s) agree that the NCYE shall be entitled to disqualify any exhibitor whose animal tests positive for any drug, even if the exhibitor and the exhibitor's parents or legal

guardian(s) are innocent of any wrongdoing and had no role in the administration of the drug identified by the drug test. Even if the source of the drug is unknown, the NCYE shall be entitled to disqualify the exhibitor. **Disqualification results in forfeiture of all prize money and Premium Sale proceeds.**

7. **Disqualification/Condemnation of Animal:** The NCYE reserves the right to condemn and/or disqualify any animal, either live or slaughtered, found in violation of the use of drugs, chemicals or feed additives, and the exhibitor will forfeit all Premium Sale and prize money if the animal is disqualified. If an animal is disqualified for testing positive and/or the carcass condemned at slaughter, the class placing will not change. An exhibitor of an animal testing positive for any drug, medication, or unapproved chemical may forfeit all rights and privileges to exhibit livestock in the future during the NCYE.
8. **Ultimate Care and Responsibility:** At all times an exhibitor, and exhibitor's parents or legal guardian(s), will maintain full control, custody and will care for, feed, water and keep safe their animal(s) and personal property, all in accordance with the rules and regulations of the NCYE. By making entry into the NCYE, the exhibitor agrees and understands that ultimate care and responsibility for an animal(s) rests solely upon the exhibitor until such time that possession of the animal is turned over to the NCYE and/or its agent(s). Exhibitor and exhibitor's parents and/or legal guardian(s) agree that:
 - a. They are absolutely the responsible person(s) for the care and custody of their animal(s).
 - b. The NCYE shall be entitled to disqualify an exhibitor whose animal tests positive for any drug, even if the exhibitor and the exhibitor's parents or legal guardian(s) are innocent of any wrong doing and did not administer the drug; and
 - c. The drug test results of the testing laboratories are final and binding upon the exhibitor and the exhibitor's parents or legal guardian(s). Even if the source of the drug is unknown, the NCYE shall be entitled to disqualify the exhibitor.
